EARTHMOVING EQUIPMENT SOLUTIONS

Established in 1984, the Goscor Group of Companies has been representing OEMs in the Southern African market for almost 40 years.

Goscor Earthmoving Equipment has been a proud distributor of SANY's product line of earthmoving and road machinery in South Africa, since 2016.

SANY is one of the world's largest construction and related equipment manufacturers. Our Goscor-backed business is equipped with a world-class service and parts department and is backed by a team of skilled and experienced industry experts. The fleet of equipment includes:

- Excavators
- Front-End Loaders
- Graders
- Rollers

EXCAVATORS

SANY excavators are built to deliver versatility, efficiency, safety and performance all at an affordable cost. Our heavy excavators can help you take on serious earthmoving operations.

Goscor Earthmoving Equipment also has an aftermarket team who is second to none. We provide reliable and safe equipment with superior 24/7 service and support.

SY75

Operating Weight	7280 kg
Standard Bucket Capacity	0.12-0.32 m ³
Rated Power	43 kW
Engine	AU-4LE2X

SY210C

Operating Weight	20 900 kg
Standard Bucket Capacity	0.93 m ³
Rated Power	104 kW
Engine	Cummins 6BT5.9-C140
Incl Hammer piping	

SY140C

Operating Weight	14 000 kg
Standard Bucket Capacity	0.72 m ³
Rated Power	72.7 kW
Engine	Isuzu 4BG1

SY335C

Operating Weight	34 300 kg
Standard Bucket Capacity	1.5 m ³
Rated Power	190.5 kW
Engine	Isuzu AA-6HK1XQP-01

SY500H

Operating Weight	49 500 kg
Standard Bucket Capacity	2.2 m ³
Rated Power	300 kW
Engine	Isuzu 6WG1

SY750H

Operating Weight	76 200 kg
Standard Bucket Capacity	4.2 m ³
Rated Power	377 kW
Engine	Isuzu 6WG1

EXCAVATORS

SY980H

Operating Weight	95 800 kg
Standard Bucket Capacity	5.5-6.5 m ³
Rated Power	425 kW
Engine	Scania DC16

SY1250

Operating Weight	125 000 kg
Standard Bucket Capacity	7.0-8.0 m ³
Rated Power	567 kW
Engine	Cummins QSK23

FRONT-END LOADER

The SANY Front End Loader has brilliant breakout power and high torque, matched with an industry leading dumping height. Our machines offer versatility while delivering maximum power and providing excellent stability and traction.

SY956H

Operating Weight	17 100 kg
Standard Bucket Capacity	3.0 m ³ or Coal Bucket 4.6 m ³
Rated Power	164 kW
Rated Pay Load	5000 kg
Engine	Cummins QSL8.9C220-T III

SW978K1

Operating Weight	24 300 kg
Standard Bucket Capacity	4.5-7.0 m ³
Rated Power	210 kW
Rated Pay Load	7000 kg
Engine	Weichai WP10G286E301

ROLLER

The SANY SSR120 C-10 Roller is a compaction roller with simple intuitive controls that make it extremely operator-friendly. Available in smooth drum and padfoot configurations.

SSR120 C-10

Operating Weight	12 000 kg
Nominal Amplitude	1.8/0.9 mm
Rated Power	93 kW
Excitation Force	280/178 kN
Engine	Cummins 4BTAA 3.9

GRADER

The SANY Grader is a strong, reliable machine which offers excellent power and in-cab visibility - all in an operator-friendly design.

SMG200C-8

Operating Weight	17 300 kg
Rated Power	160 kW
Max. Torque	2200rpm/980nm
Engine	Dongfeng Cummins QSC8.3
